

SCPTIME SAS, registered in the Grenoble Trade and Companies Register under number 834 844 698, is responsible for processing the data collected on the website www.scptime.com.

In accordance with the general regulations on data protection, information provided by the forms on our website are necessary to answer your request and are for the services in charge of answering your request and for a follow-up.

You have the right to access, rectify, update and delete information concerning you. You can exercise this right by contacting marketing@scptime.com or by mail to SCPTIME, Quartier Beauregard, 38350 La Mure, specifying in the subject line of the letter "Droit des personnes" and enclosing a copy of your ID.

During your visits to our website, a cookie may be automatically installed on your browser. Information collected will be kept for a period of three years. The cookie is a block of data that does not identify users but is used to record information relating to their navigation on the website. The setting of the browser software makes it possible to inform of the presence of a cookie and possibly to refuse it. You have the right to access, remove and modify your personal data communicated through cookies.

We may process the following types of personal data about you:

- Your details including your name, email address and phone number.
- User information, for example, if you connect to our service or visit our websites. Such information can include IP number, device type and browser, time zone, location, and your interests and preferences for information about how you interact with our services, such as what features are used, and which buttons are clicked.
- Other information we receive through your contacts.

We process your personal data for the following purposes:

- Administer the business relationship between you and our company.
- Develop and improve our services to provide you with information and offers on our services.

We will not share personal data with third parties so that these third parties use your personal data for marketing purposes.
